

A great time was had today, by the children in Year 5 and 6, with our visiting STEM team for a boat building workshop. Working together collaboratively, listening and sharing ideas and developing engineering skills were all part of the fun.

Stuck for half term activities? [Click](#) to our website for ideas.

Chartwells is recruiting, please visit our [website](#) for further details.

Respect, Perseverance, Creativity, Unity, Positivity, Honesty and Empathy

SPOTLIGHT ON SPORTS

We are looking to sign up to the West Sussex Schools Half Marathon, which is a non-competitive cumulative half marathon challenge for children aged 4 to 11. The children will run a mile a week during the summer term in school. On Sunday 9th July the final 1.1 miles will be run at Goodwood Motor Circuit.

We need to get an idea of how many children would like to enter, so we can make arrangements to take part. If your child would like to join in, then please use the link below to register their interest. Further information will be sent out once we have an idea of how many children are interested.
