# Our School Values

Striving to be the best we can be

At Wisborough Green Primary School, we are uncompromising in our aspirations for the children, staff and school community. We foster self-reliance, curiosity and independence so that our children become confident life-long learners. Our children feel happy, safe and valued. We take pride in our talented staff, who work closely with our supportive parents and village community. Our broad and exciting curriculum encourages every child to find and fulfil their potential, both academically and beyond the classroom.

This vision statement is underpinned by our seven core values:-

### **Respect**

We treat each other with kindness and consideration, valuing and accepting our differences.

### **Honesty**

We are truthful and trustworthy in our words and actions.

### **Positivity**

We have a can-do attitude, believing that anything is possible.

### **Perseverance**

We show resilience in all that we do and never give up.

### **Unity**

We work together, learn from each other and celebrate our successes.

### **Creativity**

We use our imagination to solve problems in new ways.

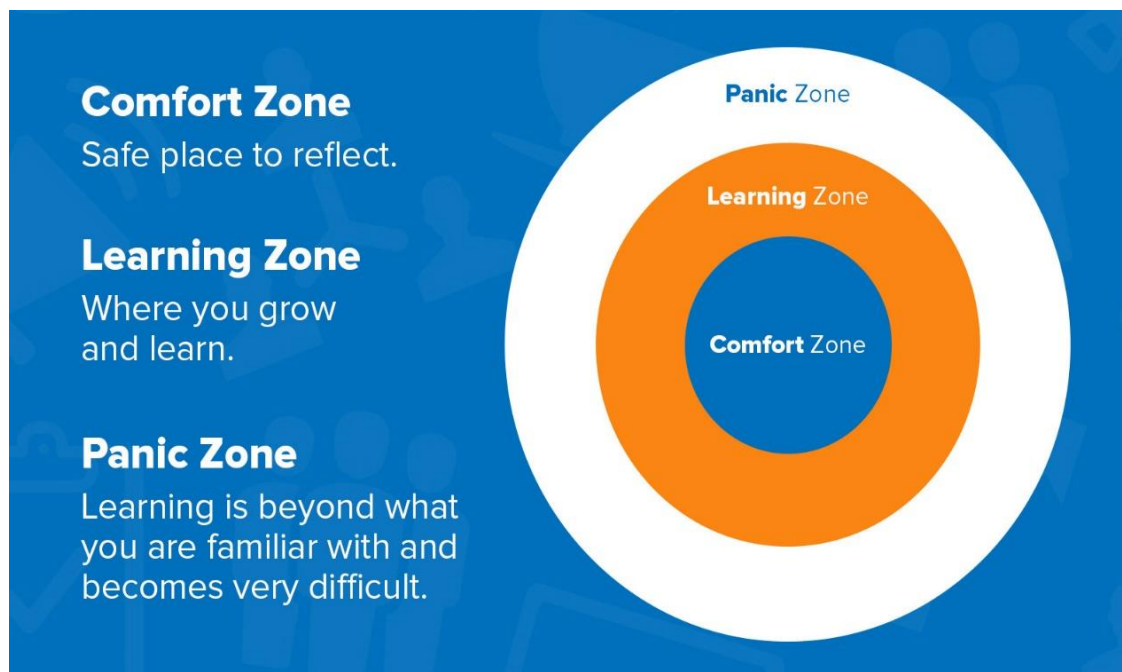

### **Empathy**

We understand and share the feelings of others.

- **Apply the Learning Zone Model**

Our children are introduced to the 'Learning Zone Model', which encourages children to persevere in the Learning Zone. On occasion, children may move into the Panic Zone during periods of learning. We help them to use a range of strategies in order to feel comfortable with challenge and move their learning on. The Comfort Zone gives children an opportunity to reflect or consolidate their learning. They are then ready for 'new' learning.
